

BASE/LADDER CONNECTOR

- ❑ Can be used to create learning circuits
- ❑ This assembly kit is used to connect the Educ'Gym bases to the different ladders in the wooden range
- ❑ The different elements can be connected quickly and easily
- ❑ Endless possibilities for designing circuits
- ❑ Adaptation of circuits for children from 3 to 12 years of age

COMPOSITION

- ❑ 1 metal bar
- ❑ 1 flexible tightening wheel
- ❑ 1 fibreglass cylindrical support covered with natural fibres
- ❑ 2 wooden spacers
- ❑ Each
- ❑ Colour: red

Example circuit (3 to 6 years of age)

Ref. 0116
